

## **AMENDMENTS TO THE SPECIFICATION:**

Please insert the following heading before the paragraph beginning on page 1, line 3:

### **Background Of The Invention**

#### **(1) Field of the Invention**

Please insert the following heading before the paragraph beginning on page 1, line 9:

#### **(2) Description of the Art**

Please insert the following heading before the paragraph beginning on page 3, line 17:

### **Summary Of The Invention**

Please insert the following heading before the paragraph beginning on page 8, line 23:

### **Description Of The Figures**

Please insert the paragraph below following the paragraph ending at page 10 line 8:

Figure 16 shows an embodiment 320 similar to that of Figure 14, with the exception that holes, e.g., 321 let into dielectric slab 322 are of circular cross section, and so define cylindrical surface 323 onto which is coated a conductive surface. Round holes such as those shown may be produced by drilling, or by any other suitable method.

Please insert the following heading before the paragraph beginning on page 10, line 11:

### **Description Of A Preferred Embodiment**
